

## Mill Road Sidewalk Project

This sunny weather is helping us move the Mill Road Sidewalk Project forward! This will improve the roadway and increase safety for students and pedestrians along the west side of Mill Road between 104th Way and 107th Loop near Millpond Elementary. Construction is scheduled to start in the next couple of weeks and the project will be completed before the school year begins.

This project is being funded by a grant from the Transportation Improvement Board for \$300,000 and the remainder of the cost will be covered by Yelm Community Schools, this means the cost to the City will be minimal if not zero. The contract has been awarded to Barcott Construction, LLC and is currently ahead of schedule and under budget.

If you have any questions, please contact the project manager, Patrick Hughes, at [patrickh@yelmwa.gov](mailto:patrickh@yelmwa.gov).
