

Deicing, Sanding, and Snow Plow Priorities

- Deicing is completed when it's clear and freezing and precipitation is not in the forecast.
- Sanding is done when there are icy conditions with precipitation in the forecast.
- Plowing is done only when snow depth is above 3”.

Priority Level 1

- Arterial and collector roads including, City facilities, Fire Department, Police Department, Yelm Public Schools routes, school zones and urgent requests.

Priority Level 2

- Main intersections, shaded corners, hills, and then residential streets as time permits.

Priority Level 3

- Remainder of City streets as needed.
- Yelm Public Works Department continually works with the Yelm Police Department and Thurston County Sheriff Department to maintain road access.
- Residents who need additional assistance should call the main Public Works Department line at 360-458-8406 during business hours
- Residents are encouraged to call 911 after business hours in case of an emergency.
